ANOTHER KLONDYKE PARTY

WITH AN OLD CALGARY MAN AS ITS LEADER

OUTFITTING IN THE CITY

Captain Willis Gets All His Supplies Here—Has Spent \$10,000 Already—Part Consignment to Chicago—Men They Will Travel Via the C. & E. Route—Other U.S. Parties

On the register at the Queen's hotel are to be found the names of some of the best men to be found in Illinois who have formed themselves into a cooperative outfitting party to go to the Yukon Valley Mining and Prospecting Co. In addition to those who have come into the common fund by every member of the little community, there are others who have given their money to the work they are about to do, the difficulties with which they are faced, the lack of capital, and the ambition to succeed in the enterprise they have undertaken.

In the party there are engineers, expert miners and mechanics, a number of skilled artisans who in less than a week can run up a complete outfitting outfit. They have adopted a code of rules which avoid any needless expense, and which make it possible to make every man in the party a participant in the success of any venture. G. E. Willis, who is the captain of the expedition, is well and favourably known in the West, having been a member of the North West Mounted Police and when he had considerable experience as a scout and prospector, he was engaged by the party to lead the members of the party who knew they were about to start. Captain Willis has been pretty busy. He has purchased 70 horses, 100 traps, a number of combination harness and ten saddles from Messrs. Carson & Son, and has secured all the traps and clothing necessary for the whole party. The horses will be loaded for \$20 per head.

A live at Grand Forks did \$1000 damage to his traps. Due to the plague at Edmonton he is using threats to coerce him. But Portage is to have a waterworks system.

YUKON JURISDICTION

Will be decided at the next sitting of the Dominion Court.

The Globe's Ottawa correspondent, under date of January 18th, says it is understood that the intention of the government is to introduce a bill in Parliament this session defining the position of the Yukon Territories.

The other members of the party will leave Chicago on Saturday February 1st and will spend a few days here before leaving for the north. They will leave on the 5th and will travel all the way loaded on their own conveyances and pack animals down the waterways of the Pelly river, where they will commence operations immediately.

Several other expeditions from the United States are being organized for their example in the spring.

Previous to their departure for Canada, the party will visit Galtbrath who were banqueted by the other members of the party at the Tremont House, Chicago.

NOW A VERY HAPPY MAN

Mr. T. R. Baxter Says: "After the Use of Seven Bottles of Paine's Celery Compound I Was Perfectly Cured and Feeling Young Again."

THE GREAT MEDICINE IS TRIUMPHANTLY VICTORIOUS AFTER MEDICAL MEN FAIL

This Almost Miraculous Cure Has Vastly Increased the Fame of Paine's Celery Compound in the Maritime Provinces

ASSURANCES AND HOPE FOR THE MOST DESPERATE CASES

WELLS & HEDDLESTON COMPANY,
DEAR SIR: I desire to let you know about my wonderful cure by your precious medicine, Paine's Celery Compound.

I was afflicted by three complaints that made my life a burden—a hundred and twenty crystals for 40 years, bleeding piles for 15 years, and sciatic rheumatism for 10 years.

I tried the doctors and all kinds of medicines, but no help or relief was afforded me until I used Paine's Celery Compound. I was then advised to use Paine's Celery Compound and oblige the world with it. The use of the first bottle enabled me to eat and sleep well again. I am now in full health again and feel young again. All that I have to say is that it is a great medicine, doctors, magistrates, and some三百 of other people. I shall always thank you and your wonderful medicine, Paine's Celery Compound.

THOM. R. BAXTER, Kitchener, N. S.

I hereby certify that the above Celery Compound has made a well man of Thomas R. Baxter.

Justice of the Peace.

THE HOCKEY MATCH

The First Big Game of the Season Won by the Press Club—Play was Fast and Smart, Results Decided.

The game was played on Wednesday night by a hockey match of the variety that reminded the crowds of the old days of the game. The City and Press teams put up a really hot and game and the Press team won with a score of six goals to four. The play was a little rough at first, but as the game went on the boys pretty well in hand. No one man had to be ruled off. "Yes" he was asked, "was it a hard game?" He possibly does not know what constitutes dirty work in senior games, but if he did he would say that for five minutes he will no doubt have had a hard time.

An exchange of compliments in the way of a tap on the shoulder with a stick was the only roughness, but what was not aggressive got the worst of the encounter no one could say.

The City team has a lot of its old players of last season and is the exception of Jack McMahon, who had play ed lately with the Press, he is the best player on the team. He was with last year's Fire Brigade team, and Benson has a good back line.

"City is the Pile of Bones."

The Press is composed of nearly all the best players in town with the exception of Jack McMahon, who had play ed lately with the Press, he is the best player on the team. He was with last year's Fire Brigade team, and Benson has a good back line.

Play was a little late in starting but it finally got under way with a bang, and the result was the Press got a speedy lead, and they thought they had a goal, but before Lloyd could get the ball out of his stick, the referee said it had to be off. The first goal was for the City team.

After ten minutes play, Tom Benson and Johnson scored respectively and at half time the score was two goals to one for the City team.

In the second half scoring was faster and the press was doing the most of it. Jack McMahon had a goal early on by shooting the puck through the opponent's goal, after two more goals later, Tom Benson took his share by sending the rubber past Charles Marshall. Then came the goal of the day, after 10 minutes play, Tom Benson and Johnson scored respectively and at half time the score was two goals to one for the City team.

AT THE RINK

On Tuesday night Kinnelton's rink was again defeated. He thought he would try and wipe the ice with his feet, but the ice was so bad that he had to give up. The game was a draw, but he didn't get a single point to his credit.

No. 1 ice McNeil played Farrow in the first period, and in the second period started to play a knock-out game but he found out that kind of a game satisfied the little fellow for the keep score.
